

**Southlake Carroll AP Booster Club Membership 2021-22 School Year**

**WHY YOU SHOULD JOIN THE CISD ADVANCED PLACEMENT BOOSTER CLUB:**

- Membership dues and fundraising monies support AP, pre-AP, Honors and all advanced academic classrooms and teachers at EIS, DIS, DMS, CMS, CHS and CSHS. We support all intermediate and secondary schools within the district.
- The Southlake Carroll AP Booster Club awarded over \$10,000 in teacher grants benefitting grades 5-12 during the 2020-21 school year. We provide funding to as many teacher grant requests as possible.
- We awarded \$5,000.00 in scholarships to graduating seniors. We received local community sponsorships for the majority of our scholarships. **You must be a member of the AP boosters to be eligible for the scholarship.**
- We provide helpful resources to parents and students who participate in advanced classes within CISD. Please refer to our website at [www.dragonap.org](http://www.dragonap.org) for further information regarding parent programs and updates.
- Your financial support is paramount to the success of the district’s advanced placement program, as the funding the district historically received from the College Board and State of Texas has been either cut or greatly reduced.
- The Southlake Carroll AP Booster Club exists to ensure all students have the opportunity to experience an advanced education by providing volunteer help, financial support, and enhanced educational opportunities related to our advanced academic teachers, classrooms and students.

Enclosed is my check (made payable to ‘Southlake Carroll AP Booster Club’) to help support CISD’s advanced placement program. You may also join and make payment on-line at [www.dragonap.org](http://www.dragonap.org).
